

JVPS Student of the Month
December 2017

Kyndalyn Star Toribio

5th Grade - Ms. Dana Miyamoto

Kyndalyn 'Star' Toribio is a 5th grade student at Jemez Valley Elementary School. Bright both academically and socially, Star's name is fitting. Just as the sun, our "Star," lights up our days. She shines in and out of the classroom with her friendly personality and her desire to persevere through scholastic challenges.

She loves to learn about all things scientific and creative writing makes her happy. Her teachers have found her to increasingly display the ideals of Warrior P.R.I.D.E. (perseverance, respectful, integrity, dedication, education). Star will definitely make a positive impact on society as an adult. It is because of her character and academic interests that Star has been selected as the JVPS "Student of the Month" for December 2017.
